Morning Oregonian

VOL. XVIII. NO. 221. PORTLAND, OREGON: SATURDAY, OCTOBER 19, 1878. DOUBLE SHEET.

GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Indians in Nebraska.

LINCOLN, Neb., Oct. 18.—Reports of Indian depredations in Western Nebraska are false. Only one was committed. The Cheyennes having run off 40 ponies from Wilson's ranche. There is considerable anxiety for the safety of a surveying party of 40 men who have not been heard from for four weeks. They went up the Nebraska river.

Spotted Tail's Indians.

CHICAGO, Oct. 18.—E. D Pratt, trader at Spotted Tail agency on Rosebud creek, is in the city accompanied by Standing Bear, a leader among the Spotted Tail Indians. It is stated by Pratt that the Indians are well satisfied with their move from the Missouri river. Major Pollock, who successfully and commendably managed the move, is now arranging to give the Indians employment, which is having a good effect on them. They seem perfectly willing to become self-sustaining, if only given an opportunity to work. They are now hauling their own supplies and Indian teamsters are paid for labor. Besides the freight trains already organized, a pony train to be managed by Indians, is being organized to transport supplies, and will consist of 400 ponies and 100 Indians. Buildings are being erected at the agency and everything is being done to make them comfortable during the winter.

Six Persons Drowned.

JACKSONVILLE, Fla. Oct. 18.—Six persons were drowned near Sanford on Monday. The party was returning in a wagon from camp meeting on a road which was overflowed, and the horses strayed into deep water and upset the vehicle.

New York Stock Market.

NEW YORK, Oct. 17.—There was sharp pressure to sell in late stock dealings, especially in W. U., Northwest, Lake Shore, several stocks, par ly on dispatches of a run on building societies at Manchester, Eng., and unfavorable statement of the Bank of England.

Work in the Coal Mines.

PITTSVILLE, Pa., Oct. 17.—It has been ordered that work in the mines be commenced Monday. It will give miners another week's work for October, after finishing the extra shipment. It is likely work will be continued without interruption until November.

Marine Disaster.

PROVIDENCE, Oct. 18.—The bark *Susan*, of New Bedford, Capt. Peakes, left New Bedford Saturday morning, Oct 12th, with a crew of 25 men on a whaling voyage. She encountered a hurricane, capsized, and all but nine were drowned.

Gen. Pope to Testify.

NEW YORK, Oct. 18.—In the Porter case today the board resolved to invite Gen. Pope to appear and testify, which he will probably do. After a few unimportant witness had been examined the board adjourned till the 24th in order to give Pope an opportunity to arrive.

The Ex-President all Right.

BOSTON, Oct. 18.—News has been received of the safety of the schooner *Jordan L. Mott*, reported lost, with the San Domingo ex-President aboard.

A Scull Race.

PITTSBURG, Oct. 18.—Evan Morris of Pittsburg and Fred. Plaisted of New York, will row three mile scul race for $2,000 over the Allegheny course at 4:30 this afternoon.

Fools Advise Folly.

The central committee here urges socialists to continue the agitation in homes, workshops and barracks.

A Frost at Last.

MEMPHIS, Oct. 18.—A light frost fell in the city of Memphis last night, but was not sufficient in the city. Weather to-day cool and pleasant. From six o'clock last night until noon to-day 17 bodies for interment are reported by the undertakers.

Got Enough of It.

NEW YORK, Oct. 18.—Clarkson N. Potter withdraws the nomination in the 12th congressional district.

Bankrupt Firm Discharged.

Duncan, Sherman & Co. have received a discharge in bankruptcy.

A Liberal Offer.

BOSTON, Oct. 18.—Howard graduates offer the boat club $10,000 to send a crew to England.

The Southern Pacific Railroad.

CHARLESTON, Oct. 18.—The chamber of commerce at a meeting called to consider the attitude of the south toward the Southern Pacific Railroad and to discuss relative plans for constructing it, adopted a series of resolutions expressing sympathy with the plan proposed for building that portion between the Rio Grande and the Colorado on the plan proposed by the Southern Pacific of California.

The Fever at Chattanooga.

CHATTANOOGA, Oct. 18.—Two deaths from yellow fever during the last 24 hours. Weather clear and cold; thermometer 48°. The board of health advise refugees not to return for two weeks after the frost.

Further Fever Reports.

PLAQUEMINE, La., Oct. 18.—The Howards appeal for help. There have been 1,100 sick and over 139 deaths in 48 hours. Seventy are under treatment here.

NEW ORLEANS, Oct. 18.—Thirty-six cases and deaths.

LITTLE ROCK, Oct. 18.—Heavy frost last night and coming again.

VICKSBURG, Oct. 18.—Fourteen deaths to six o'clock and 40 new cases.

NEW ORLEANS, Oct. 18.—There was a slight frost in this section last night. At Donaldsonville there are six deaths and 27 new cases.

Movement of the Cheyennes.

YANKTON, Oct. 18.—A soldier just in from the Sioux country reports that the trail of the fleeing Cheyennes was found last week crossing Keyapaha river, 100 miles west from Fort Randall. The trail indicated a northward movement, was fresh and well defined. This leads to the conclusion that the Indians have outflanked everything, and are now on their way towards the Yellowstone.

Tilden's Income.

CHICAGO, Oct. 18.—At the Tilden income meeting to-day Mr. Larrabee, treasurer of the Chicago and Alton railroad, identified a bill of $20,000 rendered by S. J. Tilden for legal services.

The *Chronicle Advocate* claims that the church has made considerable progress among the negroes of the south, and that there are flourishing colored churches of that faith in several of the principal cities of the south. The facts are, however, that the colored membership of the Catholic church is quite limited.

There are in New Jersey 265 Presbyterian churches, 197 ministers, 45,634 communicants, and 40,405 Sunday school scholars. The different boards received the past year $129,288 36, and $672,104 was given for congregational purposes.

WASHINGTON CITY.

Land Office Decisions.

WASHINGTON, Oct. 18.—The commissioner of the general land office, in the course of a decision refusing the application of certain parties to be allowed to relocate the American Hill quartz mine, announces the following new and important rulings, which are intended to prevent the success of a large class of "jumpers:" 1. A mining claim is not subject to relocation subsequent to its entry. 2. A failure to perform labor or make improvements required by section 2,324, revised statutes, between the date of entry and delivery of patent, does not work forfeiture of the rights acquired by entry, nor demand its cancellation, when such failure is brought to the attention of the land office, by such relocation or otherwise. 3. The annual expenditures named in section 2,324 are required to support the possessory title only. 4. The objections from third parties which, by the last clause of section 2,325, may be heard, relate only to the conditions of the purchase and not to those of possession.

Secretary Schurz to-day affirmed Commissioner Williamson's decision regarding lands in San Francisco district, entered by Patrick, closely involving the legal question whether lands excepted from the grant to the Pacific Railroad Co., because within claimed limits of a Mexican ranch at the date of the withdrawal, are subject to entry at one dollar and a quarter per acre. The secretary holds that two dollars and a half must be paid, regardless of the language of the act of March 3d, 1853. This decision covers cases of settlers on lands excluded from ranch disposed by the final survey.

South Carolina Affairs.

WASHINGTON, Oct. 18.—It is the opinion of persons in position to know that the president will not take any further steps to check disorders in South Carolina unless open outbreak occurs and the civil authorities fail in their duty, a condition of affairs which it is not expected will prevail. It is known that the president as well as members of the administration are deeply disappointed at the policy pursued by the Democratic party of that state, seemingly with approval of Wade Hampton, and they regard it not only as illegal, but unwise and calculated to bring about a conflict between the two races. That policy is also regarded as an open violation of assurances and pledges made by Hampton and other leading Democrats of the state. The administration is greatly disturbed at the treatment accorded the colored Republicans who desire peaceably to assemble for political purposes, and there is a disposition to regard Hampton as responsible. The belief is entertained that unless colored Republicans succumb to demands made by Democrats there may be some bloodshed, and to prevent this colored leaders in the state have been written to not to afford any pretext, but to be discreet in all their actions.

Judge Bryan, of the United States district court in South Carolina, whose sympathies are with South Carolina Democrats, has refused a motion for release on bail of the two imprisoned internal revenue officers until the solicitor of South Carolina could attend and be heard. The Charleston *News and Courier* of yesterday refers to the officials as "ruffians" who, under the authority of a U. S. commissioner, either recklessly or maliciously granted, for a long time harrassed and persecuted the people of the mountain district of South Carolina until their vicious career finally culminated in the diabolical murder of Amos Ladd.

"Come Home."

WASHINGTON, Oct. 18.—The secretary of the navy hearing of the sickness of Capt. Hall on the steamer carrying supplies from St. Louis, telegraphed him to return home by rail.

Personal.

General McDowell was in Washington today on his return to the Division of the Pacific of which he is in command.

Condition of the Crops.

WASHINGTON, Oct. 18.—October returns to the department of agriculture place the average condition of the corn crop at 90, an increase of four over the September average, which brings the figures up to those of August. The average condition is 3 per cent less than in October, 1877. As the acreage has been but slightly enlarged, this difference may be taken as a fair indication of the prospective yield. The outturn of the crop will not vary largely from 1,300,000,000 bushels. October returns do not materially change the statistical aspects of the wheat crop. The yield on the whole will be in advance of last year. From present indications it will exceed 400,000,000 bushels. Oats, a preliminary estimate, based upon October returns, indicates a yield somewhat larger than even the very fine crop of 1877.

CANADA.

An Orange Triumph.

MONTREAL, Oct. 18.—Orangemen have been acquitted on the charge of forming an illegal assembly on the 12th of July last. Judge Ramsey charged the jury to acquit on the ground that an assemblage in a lodge room was not illegal.

An Orangeman Murdered.

OTTAWA, Oct. 18.—Robert McAulay, grand chaplain of the Orange Young Britons, has been missing since the 1st of October. The body was found in the river to-day. He was shot in the back of the head. The murder is attributed to the late religious disturbances.

Scions of Royalty.

CONDUBG, Oct. 18.—The Duke of Edinburg has started for Marseilles, where he will embark on the *Black Prince* and sail for Canada to welcome the Marquis of Lorne and Princess Louise on their arrival here.

THE ADJOURNMENT.

A Joint Committee to Sit for Ninety Days to Investigate Things in General.

SALEM, Oct. 18—9 P. M.—Both houses have agreed to adjourn at 10 o'clock to-night. A joint committee will sit for ninety days to examine the books and accounts of state officers since 1866. The senate amended to that date instead of 1870.

The committee will be constituted as follows: Senators, Thompson and Ross; representatives, Galloway, Thompson and White.

Hindoo English.

[From the London Week.]

It is currently reported that an undergraduate of the Calcutta University, on being asked his opinion of the lord protector, made answer as follows:

Oliver Cromwell was a very stern man; he slew his king with repeated beheadals; after this he was never seen to smile, but often heard pensively to murmur, "If I had only served my God as I served my king, He would not have forsaken me in my old age."

"Never write a book," said Talleyrand to Prince Kofflosky, "If you do we shall all know that your brains are only worth as many francs as your book will cost. No man of sense writes books—the emperor writes no books—Socrates never wrote a book."

The steamship *Alaska* is now on the Puget Sound-San Francisco route.

THE TENSAS PARISH AFFAIR.

Reports Greatly Exaggerated—No Insurrection at all.

NATCHEZ, Oct. 18.—The following account of the troubles in Tensas parish will appear to-morrow morning in the Natchez *Democrat*.

We have what we believe to be accurate information in reference to disturbances in Tensas parish. Reports which have been circulated so extensively have been extravagantly exaggerated. On Monday last negroes in large numbers passed through Waterproof on their way to a mass meeting some miles above town, and in passing through some of them were insulting and threatening in their language. Citizens of Waterproof doubtless had good cause for apprehension, and a messenger was sent to this city asking for aid to save the lives and honor of women and children and property of the town. A meeting at once assembled at the armory of the light infantry, and under the advice of the most prudent men in the community a company of persons to the number of about one hundred volunteered to go to Waterproof and learn the true state of affairs, and prepared, if necessary, to protect lives and property. A steam ferryboat was procured and the party left about 12 o'clock and reached Sargent landing at about daybreak. Here a cannon was fired to announce their approach to the people of Waterproof, some three miles distant. Several persons from the shore came to the boat, and the pleasing information was obtained that there was probably no need for armed assistance. To thoroughly satisfy themselves, however, the party proceeded to Waterproof with their boat, where they were met by the authorities of the town, and the information received at Sargent was confirmed. At the urgent invitation of the people of the town the party went ashore and were entertained during a portion of the day, and returned last night about 11 o'clock. The editor of this paper used every effort to satisfy himself in regard to the facts; and he found nothing to induce him to believe any negroes had been killed. Three persons were found in a house of Farfax on Saturday, when Capt. Peck was fired upon and killed, two of whom are thought to be mortally wounded. There is no evidence that any conflict had occurred other than the one which took place at the Fairfax house. The gin house on Barnes' place owned by Moss and Wise was burned and with it some sixty or seventy bales of cotton. When the party from this city arrived and a blank charge was fired from a six pounder, the greatest consternation prevailed among the negroes in the parish, but when they found out who composed the party and from whence they came, they seemed much relieved and seemed very glad to find they were from Natchez. Our conclusion from what we have personally seen is, that while the colored people of Tensas parish and some of the adjoining parishes have acted in such imprudent and threatening manner as to cause serious apprehensions on the part of the people of the parish, there has been no probability at any time of a dangerous outbreak.

Confirmation.

NEW ORLEANS, Oct. 18.—Gov. Nicholls tonight received a dispatch from the district attorney of Tensas parish saying that the sheriff has a force of five or six hundred men, mostly militia from adjoining parishes, and needs no more force at present to maintain peace, and we have what we believe to be accurate information in reference to disturbances in Tensas parish that the reports which have been circulated so extensively have been extravagantly exaggerated.

PACIFIC COAST NEWS.

CALIFORNIA.

California Methodist Conference.

SAN FRANCISCO, Oct. 17.—At the meeting to-day of the Methodist Episcopal conference, John Thompson, superintendent of the American Bible Society, gave an account of the work of the society on this coast. He stated that now Bibles could be obtained for the small sum of five cents. He contrasted the difference between the present and olden times, when the Bible could not be obtained for sums much less than £30. He asked for the co-operation of the conference in the work of distributing Bibles.

Rev. Dr. Gregory was introduced to the association and spoke in behalf of the Sunday school society. He did not believe that it was necessary to say to the Chinaman that he must go, but that he might be purged by means of the Sunday school. He announced that there would be two Sunday school conventions next June. There will be present prominent men from the east, among whom will be Dr. Vincent of New Jersey, who will help to organize the Sunday school association and infuse into it some life. At present we have only about one-fourth of all our children in the Sunday school. It is proposed to go among all the churches and ask for contributions for the purpose of building a Sunday school chapel in the Yosemite valley. It will be built of stone and will cost about $5,000. The stock will be issued in 25 cent shares, so that the smallest can have a share. Churches in Oregon and Washington territory are giving assistance, and if the churches of this state will take an interest in this movement its success will be assured.

Suicide.

SAN FRANCISCO, Oct. 18.—Guisippe Caraffini, an Italian, aged 36, committed suicide at the Colombo House, Broadway, this morning by shooting himself in the mouth. Motive unknown. Deceased had been a miner and was paralyzed. and was to have started for Italy to-morrow.

Argument Postponed.

In the fourth district court to-day the argument on a motion for appointment of receiver for the French Savings Bank went over till next Tuesday.

A Little Dividend.

SAN FRANCISCO, Oct. 18.—The Silver King Mining Co. have declared a dividend of 50 cents a share, payable on the 22d.

BRITISH COLUMBIA.

The Olympia Sold.

VICTORIA, Oct. 18.—The American steamer *Olympia* has been sold by George S. Wright to the Hudson Bay Co. for $85,000. She will be placed on the route between Victoria and New Westminster in opposition to the *W.G. Hunt*. The *Olympia* was registered as a British bottom yesterday.

Salmon and Lumber for Australia.

The British bark *Bothwell Castle* is loading for Stalschmidt & Ward with lumber and salmon for Australia.

To be Dedicated.

The Masonic temple, a magnificent structure, will be dedicated on the 28th inst.

Dramatic.

Mrs. Scott-Siddons is reading to large audiences at Theater Royal.

The Roman Catholic cathedral of Columbus, Ohio, is to be consecrated, October 20th by Bishop Rosecrans. The archbishop of Cincinnati and Bishops Kain and Chatard will take part in the ceremonies.

THE STATE FAIR.

Eighteenth Annual Exhibition of the Oregon State Agricultural Society.

THE CLOSING DAY—FIGHT TRYING TO PUT IN THE TIME—FOOT RACES, HORSE RACES, AND WALKING MATCH—THE LADIES' EQUESTRIANSHIP—GRAND PARADE OF PREMIUM STOCK—PLOWING MATCH AND OTHER MATTERS.

SALEM, Oct. 18.

As the fair draws toward its close the increasing interest and earnestness seems to be principally felt by the one horse shows and those who have as yet failed to find customers for all the wares which they brought hither to sell. Yesterday was a good day for them and to-day they have done pretty well, but still their stocks of candies, nuts, fruits, and notions of every kind are by no means exhausted. The crowd of visitors is quite large, and the society's receipts for the two days will materially help in defraying the heavy expenses incurred for premiums, etc.

The grand parade of premium animals took place this forenoon and drew a very large crowd of spectators who were profuse in expressions of admiration for the magnificent horses and fine cattle brought out. Chief among the attractions for horse fanciers were Mr. Myers' Gen. Fleury, Osborn's gray Percheron stallion, and Bruce's Clydesdale stallion Centennial. The last named got the first premium in his class this year. A 3 year old colt of Black Stranger, dam a Messenger mare, and owned by Frank Wilson, was also a center of attraction.

The plowing match for boys under 18 years of age, took place yesterday, and the work done showed proficiency in that part of farm work by the lads who competed. John Jefferson of Salem, took the first premium and Phineas Nelson of the same place the second.

The races proper began before noon and were kept up until nearly 5 o'clock P. M.

The first was trotting, mile heats, 3 in 5, for a special purse. The spectators of this race were few and those not much interested. The match was for 2 year old colts, and but two entries were made:

L. B Lindsey named br f Oleanda	1 1 1
Wm. Gird named ch s Sim Reed	2 2 2

Time not given, but was less than 4 minutes.

The second contest of speed was between boys under 15, a single dash of one mile, names of the entries not given. Prize, a small sum contributed by an ex editor, ex district attorney and others. The winning boy is said on this occasion to have made a record of eight minutes! The losers made 25 cents each.

Then came the grand trotting match between Parrott, Nellie Patchen and Lady Faustina for the society's purse, $100 to first and $100 to second, 2 mile heats, 2 in 3. Pools sold in Parrott's favor by considerable odds, and as he seemed in fine condition the backers of Patchen and Faustina were shy. They all came to the track looking well, and to the inexperienced in the ways of trotting in Oregon the chances seemed about even. Patchen drew the pole, Faustina second, Parrott outside, and on the third score got off well together, making the first half in 1:32, the mile in 2:40 and the heat in 5:26, Patchen winning, Parrott a good second, Faustina a bad third and apparently in some distress. The second heat was a close contest between Parrott and Patchen both occasionally skipping, an event by which Patchen lost and Parrott gained. Faustina trotted very honestly, but labored and again came in a bad third. Parrott winning the heat by a full length in 5:23½. The third heat was made in the rain and the track was heavier. Faustina ought not to have gone in his heat, owing to her distressed condition. She is a noble animal and does her work as honestly as any horse that ever stepped on an Oregon track, but she had no show in this contest. She came in a third also in this heat and a bad one at that. Parrott won the heat in 5:27½, Patchen breaking within a hundred feet of the wire and losing the race by it.

The summary is as follows:

L. B. Lindsey names b g Parrott	2	1 1
James Misner names s m Nellie Patchen	1	2 2
A Shannon names b m Lady Faustina	3	3 3

Time—5:30, 5:23½, 5:27½.

This race was followed by a running match, free for all, 2 mile heats, 2 in 3, for the society purse of $500—$400 to first $100 to second. The entries were Hastings, Haidee, Sam Tilden, Red Horse and Ole. The first two are recent importations from California and are both said to be fliers and good stayers, but the opportunity for calling their speed in a long race was not good on this occasion. The four horses looked well, and as they came on the track presented a very fine appearance. Getting their positions in the order in which they are named above, they were sent off well on the third score. The three Oregon horses—Ole, Tilden and Red Horse—took the lead and kept it for the first mile and a half when Hastings and Haidee fit out and in less than a quarter were so far to the front that the mud from their heels scarcely reached the other three. The Welcome horses put in some good work to save their distance, but it was in vain, Haidee coming under the wire ahead in 4:02¾, Hastings a good second, Ole, Red Horse and Tilden distanced.

The second heat was a mere gallop much of the way, the two horses seeming to be very friendly, Hastings leading by a few lengths throughout and winning the heat in 4:06¾, with Haidee close on his heels and being held.

The third heat was a repetition of the second until the beginning of the last quarter Haidees had been, up to the last half, four or five lengths behind the horse. This distance she made up on the seventh quarter and they began the eighth neck and neck. Here began a struggle which showed what these two animals can do. The riders let them both out, Hastings getting the spurs slightly and Haidee a word of cheer and a free rein. Down they came like the wind, or the home stretch and under the wire, making this quarter mile in 33 seconds; less than we have ever seen it made on such a track. Haidee won the heat amid cheers by the multitude in 4:44¾, showing that most of the heat had been made with about one half their capability.

A summary is as follows:

N. Coombs, jr., names br m Haidee	1	2 1
Chris. Buckley " s s Hastings	2	1 2
Geo. Ross " s s Red Horse	dis.	
— McDonald " s s Sam Tildeu	dis.	
Jos. Taylor " s g Ole	dis.	

Time, 4:02¾, 4:06¾, 4:44¾.

While the above race was in progress, Prof Robt. Allen and a man named Taylor got up a walking match for a citizens' purse of $20, a single dash of two miles. They came to the scratch in a heavy shower and got a good send off, Taylor leading for the first half mile, which was made in 5 minutes. Allen here came up with his competitor, and but little distance intervened between them afterwards to the final outcome. They passed under the wire at the end of the first mile in 10:30, both showing signs of distress and Allen laboring. The second mile took up 13 minutes and the contestants came in side by side. Both claimed the stakes, but the judges decided it a dead heat, but the walkers claim it was a "dead beat."

But little remains to be told concerning exhibits in the

PAVILION.

Exhibitors began at noon to day to remove articles from the ladies' department and already the walls look bare and unsightly. Removals are also being made from the floral department, where the display has from the first been grand. Henry Miller, of Portland, takes first premium on 50 varieties each of cactus, variegated plants and foreign evergreens, and on 10 varieties of ferns. Mrs. Florence Garrison takes 17 first and 10 second premiums on flowering plants and floral designs; Miss Mary Churchill takes 9 first and 3 second premiums; Mrs. L. S. Scott 7 first and 4 second; Mrs. M. A. Bridges 2 first, and Mrs. J. W. Taylor 10 first and 8 second premiums for like displays.

The sewing machines have run a lively race. The Singer has received first premiums on combined family and fancy stitch, button hole machine and manufacturing machine. The Wilson has 11 first premiums, carrying off the blue for everything on which entry was made. Among the articles in the little girls' department, to which the blue was attached, we noticed a specimen of worsted embroidery, framed, the work of a daughter of Frank Fabre, of Portland.

Every one seems to be ready, if not in haste, to discontinue the fair and return to their homes. The meetings in the "Gospel" tent have been continued regularly according to announcement, less deviation being made from the programme here than elsewhere. Dr. Atkinson who has had general superintendence, reports good attendance all the week, about 400 being present at each of the three meetings on Sunday. The officers of the society have shown themselves gentlemanly and obliging, even amid the most disagreeable surroundings. They are busy closing up the work assigned them. The exact receipts of the fair are not as yet attainable, but are estimated to be not less than $15,000.

A sudden shower this afternoon has had the effect to accelerate movements of departure, and in a few hours the records of the eighteenth annual fair of the Oregon State Agricultural Society will have been added to the archives, its disappointments and pleasures alike forgotten.

LADY EQUESTRIENNES, ETC.

As a finale to the fair the ladies competed for the prize for equestrianship. The entries were fewer than usual and each got a premium, they were Miss Ella Kinney, Miss Mary Staats and Miss Emma Miller. After riding up and down the track, exchanging hors s, etc, the judges gave the blue to Miss Kinney, the red to Miss Staats and the white (3d premium) to Miss Miller. They are all handsome young ladies and graceful riders.

This about closes up the state fair, and to-morrow accounts will be settled, receipts counted up, and the managers will know how much has been made or lost. Whatever the result is, there can be no doubt that had the weather been as favorable as other conditions, the largest, most numerously attended and most prosperous fair ever held in the state would have been that of 1878. Now a thing of the past. There are many members of the society who will use their efforts to have the next fair held two weeks or a month earlier in the season. We may have more to say, of the propriety of this change of time hereafter, but our report of the fair is closed. We add our thanks to the efficient and accommodating officials of the society for favors shown, and hope that more convenient quarters will be furnished us next year, should it be our lot to write up the fair of 1879.

EUROPEAN NEWS

England and Servia.

LONDON, Oct. 18.—The government will not recognize Servian independence until civil and political equality of Jews is proclaimed.

England's Policy.

LONDON, Oct. 18.—Asheton Cross, home secretary, in a speech at Southport to-day defended the government's policy. He said the government would never cease until by the exercise of their treaty rights they achieved England's great civilizing mission in the east. In regard to Afghanistan, he said the government had no desire to extend the boundaries of the empire in that direction, but if they found new influences at work there they must be ready to deal with them. Ameer's answer might be satisfactory, and nothing more is heard of the matter, but a volcano might suddenly break out upon them and the government felt that in that part of Asia there must be no doubt of England's supremacy.

Poor Ameer.

BOMBAY, Oct. 18.—The powerful tribe of Mohmundi has divided and one of the chiefs has offered to join the British. Desertions from the Afghan army are of daily occurrences.

A General Compromise.

BERLIN, Oct. 18.—Moderate liberals and conservatives have come to an agreement on disputed points in the socialist bill. The government has asserted its willingness to compromise, which is in favor of the liberals.

Full Amnesty to Bosnian Refugees.

VIENNA, Oct. 18.—Austria has requested the Servian government to notify Bosnian refugees that full amnesty has been granted.

Mohammedans will Resist.

Mohammedans of the Dobrudscha have 8,000 rifles and will resist the Roumanians.

Distress by Flood.

ROME, Oct. 18.—The inundation in the valley of the Bormeda, sweeps away houses and bridges and reduced many families to utter destitution. Subscription lists are opened for their relief.

Crisis in the Italian Government.

ROME, Oct. 18.—The minister of war has resigned and the minister of marine will probably follow. A report that Count Corti had resigned is pronounced premature. The crisis is unusually grave and is attributed to the dissatisfaction of the moderates with the programme of home policy contained in the recent speech of Premier Cairoli. There are also other causes, one of which is interference of the cabinet with the discipline of the army.

Turkey and the Provinces.

BERLIN, Oct. 18.—The native armies forming in Bulgaria and East Roumelia are under Russian officers, equipped with Russian arms, commanded in the Russian tongue, and number about 50,000 men. Forcible enlistments continue. Arms are distributed by Russians among Christian villages in East Roumelia, while Turks provide rifles and ammunition in the Rhodope hills. Negotiations concerning reforms in Asia Minor at last promise some result. Mixed Christian and Mussulman police are to be commanded by English officers, and an English assistant judge will be added to each court of appeal. The governor and head tax gatherer will be appointed and dismissed subject to English approval. These and some other equally important changes have been approved in principle by the porte.

REPORT ON EX-TREASURER BROWN.

To the Honorable the Senate of the State of Oregon

Your committee, to which was assigned the duty of examining the books and accounts of the state treasurer, by S. C. R. No. 6, beg to report as follows:

That we have examined every receipt of money for the two fiscal years ending the 16th inst., in the treasurer's books with the stub remaining in the receipt book, and find the amounts correctly entered in the ledger and cash-book.

That we have examined every warrant on which money has been paid out by the state treasurer, and find the same duly entered on his books and correct in amount.

That we have had all the coupons redeemed by the treasurer during the past two years counted and examined, and find that they are as entered in the treasurer's books and are properly canceled.

That we have found all the notes given for loans from the various funds correct as reported, and duly receipted for by the present treasurer.

That the balances of the several funds reported on hand are correct, and have also been properly receipted for by the present treasurer.

Your committee finds that the 10 per cent. appropriated out of the swamp land and tide land funds has not been fully transferred to the common school fund. A balance in favor of the school fund to the amount of $555 63 was left untransferred September, 1874, and the total amount of $759 11 is now due the school fund from the said swamp and tide land funds, which your committee recommends that the treasurer be directed to transfer accordingly.

Your committee finds that the law under which the one mill tax for the completion of the capitol building was disbursed is somewhat vague, and your committee is divided in opinion as to the legality of the payment of $2,195 61, and interest, in excess of the amount of said one mill tax for two years, but believes that this disbursement was made by the treasurer in accordance with his understanding of the law, and in pursuance of the joint resolution of both branches of the legislature of the state, and saved the state house from great damage by the weather.

A SUGAR PLANT.

SALEM, Oct. 17, 1878.

TO THE EDITOR OF THE OREGONIAN:

A letter has just reached me from the commissioner of agriculture at Washington City D. C., requiring an answer. I will give it entire:

WASHINGTON CITY Sept. 25, 1878.

MR. DAVID NEWSOME. Howell Prairie. OR.—*Dear Sir*: I have information that many years ago the Indians of Oregon made sugar from a kind of reed growing in your country.

As I am in search of plants producing saccharine juices, I will be glad if you will make diligent inquiry in regard to this plant, and if possible send me specimens of the seed or plant, or put me in communication with those who would be likely to furnish me with either.

In pursuance of the above request, I have made diligent inquiry on the fair grounds for several days past of old settlers, and none have seen or heard of such a plant. But if any person knows of such a plant growing here, he will please communicate such information to me or to the commissioner of agriculture at Washington City, D. C.

House.

AFTERNOON SESSION

SALEM Oct 16

House met after joint convention

Leave of absence was granted Broback

Various messages were read from the senate

S J R 7—That the secretary of state be authorized to audit and allow expenses and per diem of committees to visit several public institutions and committee clerks and draw warrants referred to ways and means

S J M 7—Asking congress to audit Indian war claims of the war of 18 7 and 18 8 concurred in

House resolved to go into committee at 4 o clock to take up various bills

H B 162—Relating to blind school was reported by Evarts and re erred to committee of the whole

Lee moved to suspend rules and take up several bills named by him

Chair ruled the motion out of orde

Lee appealed from he chair

House sustained the chair

H R 87—To prevent usury fixes rate at 8 per cent and 10 per cent allowed on contract

Bradley said it was an important bill and in the interest of the producing classes

Purdin opposed the bill thought the effect will be to drive capital out of the country If capital will seek other investment than loans it may buy land and create a great landed aristocracy Land earning 8 per cent was more profitable than money at 12 per cent as the land will increase in value.

Cole believed the effect would be to throw the loaning business into the hands of brokers and they will make it cost the producer what they please.

Thompson thought it made money dearer Banks will not lend money In a round about way it will cost the producer more than ever

Scott said the broker was the middle man now and made the borrower pay 17 per cent.

The bill failed 30 to 13 a thin house beat it

H B 91—Relating to assessors all lands to stand good for taxes and deductions only to be made against notes and accounts due and to become due

Grant thought poor people should have as good a show as the rich Would not vote for this because it worked against the interest of debtors and producers.

Thompson thought the bill an unheard of proposition, as it taxed the farmer who owed on his land, and lets a merchant offset all his indebtedness.

Scott said the bill only proposed to ax all property There is not a state where real estate is taxed over half its real value A man buys a farm for $10 000 and pays $5 000 it is only assessed at $5,000.

Reeves thought it would be double assessment, and that he opposed wherever found Let us If we deduct indebtedness deduct all or none.

Rewitt said it was a good bill and corrected abuses he did not understand that it taxed farmers he quoted the way merchants do business and said it compelled the merchants to pay taxes more than they do now he wanted farmers only to pay their just proportion and no more

Purdin said Who owes debts and accounts but the farmer?

Hughes was on the committee all will admit that farmers don t often have money coming due them, didn t think the bill would accomplish the object it had in view wanted to amend so that he could vote for it.

The bill failed to pass

H B. 172—To amend incorporation of Baker City; passed

H. R 27—Right of way for Northern Pacific railroad, passed

H. B 84—To amend incorporation of Dallas passed.

(These minutes do not allude to messages continually received from the senate announcing signing of bills and other merely routine business.

S. B. 18—To amend incorporation act of Albany passed.

H. R. 120—Amending common school law so as to adopt by votes of county superintendents uniform series every four years, and, otherwise to amend that law.

Stearns explained the operation of the bill and showed that it would remedy the high complained of book monopoly

Reeves couldn't support it, he stepped it would engender; women could not vote at school meet ings but opened the door to all manner of

kaw kaws vote moved to strike out all y male person and insert American citizen

Dorris explained that the senate had passed a bill that accomplishes what is wanted

Shelburg didn t wish to have foreig ers who are not fully naturalized excluded amendment carried

Hughes moved to amend clause that provided for copying assessment roll of county assessor instead thereof to make a fresh assessment

Shelburg and Green took the same view motion to strike out carried

Purdin moved to amend that no indebtedness be deducted save that within the district lost

It was growing dark and impossible to see and yet the house refused to adjourn determined to finish the bill

Hughes said he would support the bill for he thought it would accomplish the purpose claimed It does not put down a grinding monopoly because it leaves the matter just where it was four years ago The bill is in namely

The argument at times limp the ball s the gentlemen could see to talk and the five minute speech making went on Amendments were made to cure small defects After a great deal of impatience at talking members the vote was taken and the bill passed yeas 41 nays 7 absent 1

It is becoming difficult to keep a quorum or maintain order House adjourned to 7 M

EVENING SESSION

House met at 7 P M

H B 8 —Amends section 491 civil code relating to divorce —stating causes for same It makes one year's desert on cause of divorce Passed 41 to 1—16 absent

H B. 111—Stating the division lines of Coos county passed

H B 16 —The Portland water bill was reported from judiciary committee with amendments also a minority report was made

It was moved to adopt the minority report

Thompson said all the difference was the name of the commissioners who were as follows A N Kelly S G Smith and A F Ankeny instead of Ladd Corbett and Ankeny

The committee Gates says in the majority report saw fit to make a change of the names of commissioners substituting Democrats for Republicans He defended the character of the commissioners named in the majority report

After a sharp debate and considerable sparring Thompson explained that the commissioners first named were satisfactory to Senator Davis a strong Democrat.

Stearns claimed that being satisfactory to the Portland delegation in each house and to the people themselves of Portland it was improper to give the matter a political complexion

The house refused to adopt the majority report and the minority report was adopted so that the names of Corbett, Ladd and Ankeny stand as commissioners bill ordered engrossed

Scott moved to go into committee of the whole to consider any business before the house that committee carried

COMMITTEE OF THE WHOLE

Mr Scott in the chair the committee took up H B 168 to provide an insane asylum fund

The bill was materially amended and provides the any remainders of the outstanding warrant fund shall be placed to the credit of an asylum building fund and it is estimated that two years from now there will be something left after paying off all the outstanding warrants and interest

Mr Thompson of Lane, advocated the amendment to the effect and spoke earnestly in favor of it, showing the great necessity of doing something to secure an asylum at an early moment

Dr Green thought it would not do to keep up the three mill tax to pay outstanding warrants

Townsend wanted a sinking fund started for the building of an insane asylum

Galloway would support the bill and hoped to live to see the state in possession of suitable buildings of all kinds

Gates made a speech against the bill and thought the Dalles had the mint building which might be used to keep insane, as it had a crazy bis ory

Speaker Thompson called attention to the fact that in the extravagant state of California it same patients cost only $3 50 a week and he thought Oregon could keep them as well for $—.00 Legislation was controlled in the interest of individuals and it was necessary something should be done to make a beginning on which future legislation should build so as to leave important measures free from demoralization as well as to provide for the insane Dr Hawthorn might not live always and he wanted the in ane well cared for

Rewitt didn t want to begin the insane asylum until the state capitol was finished and

Ramsby rose with a groan and said that would not build an asylum during his lifetime

Tyson said the matter seemed to rest on a vision ary fund People complained of burdens and he thought it economy to levy a tax of half a mill to raise the money needed If the asylum was not down the state would have no place where to keep the insane He hoped a tax would be laid

Reed guaranteed that if the bill passed in four years time we shall have an asylum ready and can keep our own insane patients

Purdin said we can cut down the three mill tax to two mills and pay off the state debt in five years and then be ready to build an asylum

Thompson spoke in defense of Dr Hawthorne but he thought the state needed an asylum and this was a good time to begin

Stackwalter opposed the recommendation of the committee that the bill should pass did not wish to heap up taxes for the people to pay He quoted the figures of Dr Hawthorne showing that it cost many states that had asylums more than it now does the state of Oregon Judging the future by the past, the insane asylum will cost $250 000 and that would cost for interest and repairs $10 000 a year which he thought would make a cost greater than now

Speaker Thompson called attention to the fact that no tax was to be raised and that the insane asylum building fund would be recruited from a source already in existence A state or county should be out of debt and not pay interest and if we contract for the insane we pay heavy interest for the want of an asylum, and the state cannot afford to pay even 6 per cent

Moved to adopt the bill as a whole

Reeves didn t think the asylum ought to be at Salem and thought other places will do as well

Townsend referred the gentleman to the constitution which located the asylum at Salem

Further debate was ordered closed

Division was called on the motion to adopt the bill carried—26 to 22

Committee rose reported the bill back to the house and recommended its passage

Gates hoped the house would not adopt the report of the committee and consideree the time wasted as the bill cannot ever be passed.

Reed said the gentleman from Wasco had taken up more time than anybody else The house could pass the bill if it desired

Scott felt assured the bill could pass A beginning can be made before the next legislature meets and the work go on

House refused to adopt amendments

House resolved into committee of the whole to consider the general appropriation bill After considering same awhile house adjourned to 9 A M to-morrow

House

SALEM Oct 17

House met at 9 A M

Reading of minutes dispensed with

Speaker announced the signing of bills

Brback was excused from attendance

House went into committee of the whole on the appropriation bill &c &c, Hewitt in the chair

The blind school bill was taken up and the general appropriation bill in which they consolidated blind and mute schools appropriating $12 000 for both also $3 000 for Children s Aid Society $1,000 for Agricultural College $5,000 for State University Also an item was made to pay $600 for actors fees in the cases brought by canal and locks commissioners. Also $100 for setting out 120 maple trees around the state capitol The conveying of insane patients to the asylum and convicts to the penitentiary was discussed and Mr Speaker showed the great abuses in sheriffs charges and informed the house that he had drawn a bill introduced into the senate which would probably pass and reduce these construnctive charges

Galloway told how Sheriff Dale once went to Portland with an insane patient and came back same day not using any guard and charged at east four times his actual expenses

Amendment to the appropriation bill provides that no money shall be paid to M V Brown late state printer until his account shall have been adjusted according to house joint resolution

Committee rose with bill only partly revised and was granted leave to set at 7 P M

Speaker in the chair

Gates offered a resolution that the two houses adjourn sine die Friday evening at 10 P M

Purdin moved to lay on the table carried

Moved to adjourn to 7 o clock this evening.

Green didn t wish to see the house adjourn to go to the Fair

Evarts thought some of them were entitled to half a day holiday and were willing to stay over a few days longer

Gates said he had been here all the time and now he wanted to take a little sunshine and go to the fair

Grant said he would talk horse sense for if they didn t stay to their work they wouldn t have a governor to pass the appropriation bill He knew the disposition of members and they would not stay They had best let their pet measures go by and finish the work now

Other members talked in like manner

Hewitt moved the previous question on motion to adjourn to 7 P M but members let it go to vote and the house adjourned to 7 P M

SATURDAY MORNING OCTOBER 19 1878

EVENINGS IN FOREIGN LANDS

The vestry of the Congregational church was filled to repletion Thursday night, the occasion being the beginning of a new series of musical and literary entertainments with above title and that kind of extremes, was the country shown After introductory religious exercises the choir sang very finely an anthem Come Thou Fount o every Blessing"

The first literary exercise was an interesting essay lesson F H H Northrup African has been times as many people as the United States and is 200 times as large as the State of Oregon and is 200 times as large as the State of Oregon that every few days gulfs or rivers though Africa is 4000 miles long The great Sahara desert is caused by the trade winds sweeping from Europe across the narrow Mediterranean sea, and having the moisture all wrung out of them by the Atlas mountain which lie near the northern coast

"The Land the Products and the People" a readable article by Dr Scudder of Brooklyn, was especially read by Mr Marvin Some of the facts "brought down the house" For example the following Polygamy exists in Africa to a greater extent than anywhere else The king of Ashantee is credited to 3333 wives—that is the limit he could go beyond that Solomon could almost be considered a bachelor compared with this modern rival

Mrs Crouan a paper on African Explorers was necessarily but a mere skeleton A full account of the travels of any one of the great explorers would occupy a whole evening The lecturer rapidly over the travels of about 20 of the leading African travelers Of these Bakeman, Ondney Clapperton Overweg Dunham, Ritchie and Livingstone perished Mungo Park Vanwelt, Lamik Vogel and Magattie were murdered. Africa is evidently not a very safe or healthy place to travel in The paper was very enjoyable.

The entertainment closed with a brief address of Mr Crouan on "The Religions and Missions of Africa" The native religion is Fetishism Stocks, bills, in and peaks trees snakes shells, monkeys tail—nothing is too low to be worshiped. Belly ous festivals end in drunkenness theft, lights, and gross licentiousness In spite of the title the state of morality is terrible Mr Wilson a missionary says False hood is universal, chastity is an idea for which they have no word, and of which they can scarcely form a conception It is almost impossible to say what vice is pre-eminent According to Johnson's encyclopedia there are in Africa 21 000 000 to 100 000 000 Mohammedans 20 000 000 Jews, 1 000 000 to 4 000 000 Roman Catholics, Protestants excluding Mudas 200 000 in the Abyssinian or Coptic branches, (a corrupt form of Christianity) 150 000.

The exercises closed with "Be Joyful in the Lord" by the choir, and doxology by the congregation.

The interest was maintained throughout and the entertainment was very pleasant and profitable. These unique entertainments contain more valuable information than most lectures The next in the course will occur in about five weeks Turkey will be visited

A LETTER FROM GEN. LANE

Gen Jo. Lane writes as follows to Hon Wm Gray, chairman of committee to investigate conduct of state lands

DEAR SIR—As an honest and lifelong democrat I thank you for the good sense and energy manifested in the investigation your committee are making into the frauds perpetrated by officials placed in power by democratic votes. Push the investigation Let it be thorough and complete, let every guilty one be punished, shield no one With you there will be no whitewashing Every one guilty of wrong doing will be exposed and I see eventually punished Nothing but a complete expose of the whole affair will save us ruin, or even give us a reasonable hope of success. Democrats must be honest and if not found, they must be disgraced and punished. I thank you for the faithful discharge of your duty to the state All—every one is concerned Pub lic justice must provail

THE PLUMMER FRUIT DRIER.

How shall I make a fortune? Why if you are a farmer and have an orchard get hold of one of the

CELEBRATED PLUMMER FRUIT DRIERS

And your fortune is assured Just think of it in primitive New England days the frugal housewives and their thrifty daughters used to buy nearly all the family groceries by peeling apples by hand and drying them around the kitchen stove or in the sun A very slow and tedious process to be sure but still it was done But presto! change! See what human ingenuity has devised! The Plummer Fruit Drier is to the fruit drying process what the sewing machine is to the household sewing what the gang plow is to the ranch what the spinning jenny is to the mill It is the great labor saving machine the great money making invention to the fruit raiser

WHAT IS THE PLUMMER FRUIT DRIER

Briefly, it is a large well contrived construction, capable of holding some fifteen or more frames or trays together with so many square yards of galvanized wire cloth on which to spread the fruit This frame may be set in the orchard or any other accessible or convenient place and it can be operated by a couple of boys or girls, and is guaranteed to dry from one and a half to two bushels of apples per hour Just for a moment stop and compute the worth of such a machine in a household! We are not speaking now of its *labor saving* advantages We refer strictly to its

CAPACITY FOR MONEY MAKING

It is a fact that over three hundred of these driers are now in successful operation in the State of Oregon and Washington territory. The parties using them are drying from $300 to $1 200 worth of fruit each year and using only the regular force of labor in the family at odd times, or in stormy weather Is not this a source of revenue worth looking after? Besides this, the fruit dried by this process by these same people has been

AWARDED THE GOLD MEDAL FOR EXCELLENCE

By the Oregon State Agricultural Society The flavor, color and condition of the fruit is unsurpassed It has been a crying sin and shame that so much delicious fruit has gone to waste Heretofore there has not been facilities for getting it to market, and it has been left to decay upon the ground What a waste! Now it can all be made a source of revenue

THE CHILDREN CAN BE SET TO WORK,

And thus two great ends may be conserved at the same time namely the fruit can be made to yield a handsome income, while the children are learning the grand wholesome lesson of thrift, industry and economy We repeat it Every farmer who has fruit should by all means have one of these incomparable Fruit Driers And it is to be remembered that there are

NONE SO GOOD IN ALL RESPECTS

As the Plummer It has received the most flattering credentials from all parts of the country It would take a solid column to enumerate the different well known names whose credentials stand for the Plummer Fruit Drier We have omitted to state that there are different sized driers The Factory Drier is much larger and is capable of drying six bushels of fruit per hour It requires four hands to work this machine These machines are peculiarly adapted to the preserving of Potatoes by the Plummer Process They have already a world wide celebrity Green Corn Beans Tomatoes and in fact, all sorts of vegetables and fruits can be successfully treated by this same process

FULL INSTRUCTIONS ARE GIVEN

And those who visit the Fair should by all means examine these Driers for themselves The most polite and courteous attention is paid to all and the genial consideration given to all inquiries makes it a delight to ask questions Everybody should make it a point to see the celebrated Plummer Fruit Drier Every fruit raiser should study his own interest by purchasing one of them The investment would prove as rich as the Bodie and far more permanent —*S F Bulletin*

The flattering testimonials to the operating and work done by the *Plummer Fruit Drier* continue to pour in upon the inventor No other machine compares with it in *cheapness* and the *effective manner* in which it works The eighty cases of fruit recently sent to the great *Paris Exposition* the telegraph announces was awarded the *Paris Medal* This together with the great *Centennial Medal* that was awarded at Philadelphia in 1876, and the *Gold Medals* of the State of *Oregon* in 1876 and 1877, only shows the appreciation of this *great invention* by the public at large *For economy it has no equal* Oregon has such a number of these Driers in operation that she is enabled to export a staple article of dried fruit unsurpassed by any in the world thereby creating a demand that is continually increasing in importance The fine flavor which the fruits of this region contain, is all preserved by this process, making them equal to fresh fruit, destroying the toughness common to dried fruits and impervious to all insect life, making it perfectly safe for the merchant to invest at all seasons of the year without fear of having it destroyed by vermin Fruit dried by the *Plummer process* may be kept for years and yet retain all its nutriment and nourishing qualities, and will become a great source of revenue to any state where it may be introduced Everything that is preserved by it is *absolutely pure* as no chemicals are used in the curing of *Fruits, Fish Meats* or *Vegetables*

The Driers have all been manufactured up to this time in Oregon under the supervision of *the inventor*, and every machine properly set, and purchasers fully instructed in its operation and in the preparing and packing of fruits, I ask the fruit-growers of Oregon to investigate this process, and although all other Fruit Driers have been partial failures financially, this one has proven itself a grand success in three hundred and fifty distinct trials. Do not let this year's crop pass without a full investigation of its merits, and then purchase before you lose another season so valuable to yourself and family. Address,
W. S. PLUMMER, E. Portland, Ogn.

His Wonderful Success
IN THE TREATMENT OF ALL
Chronic and Private Diseases,
He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female He has also warned them against habits that would be likely to produce disease in plain and comprehensive language But where he has found them crushed and broken down by disease mentally and physically he has restored them to health and happiness for it is well understood that without health there can be no happiness

DR. BRENAN

has made a specialty in the treatment of the following diseases Catarrh, Bronchitis and all diseases of the throat and chest by an entirely new system only known to himself Diseases of the Kidneys and Urinary Organs, including Spermatorrhea Sexual Weakness or premature loss of Manhood In the treatment of these diseases he has made a world wide reputation by his astonishing success not only on this Coast but throughout the whole United States Diseases of the stomach, bowels liver and kidneys as well as diseases of the blood and skin he has become master of and never fails to give relief at once and permanently cures the case if he is applied to in time

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints and understands the delicate and refined organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patient the disease the moment he comes in contact with the same without any aid from the individual This consists in part for his great professional success All surgical operations can be performed by his skillful hand and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally and will forward the proper medicines or instruments to any part of the country with full instructions and advice Each letter requiring advice or list of questions, must contain two postage stamps

A SUPREME COURT.

The act to create a supreme court makes it the duty of the governor to appoint three justices to constitute such court. Appointment of this tribunal will be, in all probability, the most important duty Gov. Thayer will have to perform during his whole term of office, and the one which will carry with it greatest responsibility. It is a responsibility which will devolve entirely on himself. No part of it can be shared with others. In a matter of this kind an executive is responsible, not to a party, but to the people and to the high obligations of his office. That Gov. Thayer appreciates this we do not doubt. His acts and his utterances so far are in the line of a just conception of the responsibilities of his position. People now are more exacting than they have formerly been. They have witnessed for a number of years only a loose, partisan and irresponsible management in the executive and administrative departments of the state. Fully awake to these abuses, they now require amendment and reform. It would be Gov. Grover's method to appoint justices of the supreme court with a view to his own political advancement. He touched nothing in the line of his official duties during his long incumbency which was not managed solely for that end. It was the policy of himself and his associates to make everything which pertained to the administration of the state government, or could be brought within its influence, contribute to the support of their system of politics, with what results may now be witnessed in the developments produced by recent investigations. We are not mentioning these matters in this connection with the idea that it is necessary to hold up before Gov. Thayer a frightful example, to warn or defer; since we have had confidence from the day he was named for the executive office that he would, if entrusted with it, act from conscientious views of duty. Nevertheless it is right to emphasize the general demand that higher motives than have heretofore prevailed shall govern in all departments of state affairs. In the selection of judges for the supreme bench the governor will have an opportunity to justify the confidence of the people in his judgment and integrity. If the opportunity is a great one the responsibility equals it. No one need fear that any sinister influence will have weight in the appointment of these judges, and it devolves on the executive to select men with whom no such influence can prevail after their appointment, and who at the same time have a recognized breadth of culture not only in jurisprudence but in the general field of arts and letters. The whole future character of the supreme bench will receive a cast from the character under which it may be constituted at the beginning.

INTERESTING DEVELOPMENTS.

The following interesting excerpts are from the report of the testimony on the state printing frauds. W. F. Cornell being sworn, testified as follows:

Q. Mr. Cornell, did you act for Mr. Brown in measuring the printing as expert from '76 to '78, the session work for 1876? A. I measured part of it, not all.
Q. Were you under oath? A. No sir, *I was in the employ of Mr. Brown.*

A. Noltner being sworn testified thus:

Q. Were you appointed by the legislature of 1878 to act as expert upon the measurement of the session work of '76? A. I was.
Q. Did you measure the work? A. I did not.
Q. You took Mr. Cornell's measurement? A. *I did.*
Q. *In all?* A. *I did.*

Here is indeed an interesting state of things. Cornell was in the employ of Brown, the state printer, and was his foreman on the work. He measured it as Brown himself would have done. Noltner, appointed under the law to act for the state, and sworn before entering upon the discharge of his duty, did nothing whatever but certify Cornell's most extravagant and unlawful measurement. Yet Noltner was employed under the statute to represent the state; he charged and was paid out of the treasury for eighteen days' service, and the only service he performed for the money he drew was to certify the printer's own measurement, by which the committee find that the state has been swindled out of ten thousand dollars on the printing of only two years. Noltner now denies that he certified under oath; but the law distinctly declares that the expert "shall be duly sworn and qualified before entering upon the discharge of his duty." And the committee find that Noltner was so sworn. Here is a pink and paragon of honor to be raising questions of veracity against others! Noltner's conduct in this matter answers well to his falsifying with Jim O'Meara in the "Carl" business. When the public sees what he will do when under oath, what should be expected of him when not under oath? Mr. Galloway's pointed remarks in the house on Noltner's conduct in this business of defrauding the state would confound any person whom shame had not utterly deserted.

THE AMERICAN PRETENDER.

Mr. Tilden is extremely positive in his denials. With loudest vehemence he asserts that not the slightest knowledge had he of the dispatches recently brought to light which tell the story of attempts to buy electors in his interest. It is probable that these statements are, in a certain sense, true. Yet in spirit they may be utterly false. It can, indeed, hardly be supposed that Mr. Tilden was informed of all the details of the efforts his friends and supporters were making to secure for him the necessary number of electoral votes. It would have been extremely injudicious to embarrass him with that information. And, since he is a man of experience in public affairs, he knew of course, that by the incessant activity of the press all transactions would be made a subject of sharpest inquiry, with chances that all secrets would be brought to light. The less he should know about details the better; and yet there are few so simple and credulous as to suppose that he did not advise in a general way that every effort should be made, regardless of cost, to gain the electors for whom he now so loftily says he would not enter into ignominious competition. The proof recently furnished that there was an effort by his friends to buy these electors for whom he now affects so great [illegible] is so transparent that Mr. Tilden

There is a new development in regard to the Myers loan. It will be remembered that it was a heavy loan out of the school fund on very insufficient security, made by Gov. Grover in order that the Salem factory company, in which he was a principal owner, might sell a water power at that place. Myers never got a dollar of the money, but it was taken out of the school fund and passed into the factory company's coffers. And now, as if the state had not lost enough by this transaction, we learn through the labors of the committee which has been investigating state land matters, that S. C. Simpson has been paid $1,023 84 for foreclosing the mortgage. This sum was paid to Simpson instead of putting the mortgage in the hands of the district attorney for foreclosure, whose fee would have been $25. The profits to the state ring during the last eight years have been better than bonanza dividends.

The further report from the committee appointed to investigate swamp land matters, an outline of which we print in another place, adds to the stock of shameful revelations. Men have taken large sums from various funds without rendering for them any service worthy of the name. The climax is reached when we find Chadwick, as governor and secretary, paying himself large fees, as an attorney, out of the public funds for services in swamp land matters. We have had a busy lot at the capital during several years past. There was haymaking while the sun shone.

Mr. Hale says the congressional campaign committee, of which he is chairman, will not counsel the support of greenback candidates in districts where Democratic nominees could be beaten by so doing. He insists that "an honest financial policy is one upon which we must make the fight. The standard which we uphold in Maine must not be lowered an inch."

A franchise for the construction of a railroad across the state of Gautemala has been obtained by capitalists of California. The government will aid the enterprise, and the line is intended to become a new inter-oceanic route. It will be shorter by 1,500 to 2,000 miles than the route by way of Panama.

Now we shall find out something. A committee with full powers is to sit for ninety days; and it is a committee which will attend to business.

Also it is observable that the Albany *Democrat* can't find room for the report on state printing frauds.

CALIFORNIA SILK
Manufacturing Company,
ROBERT R. YATES, Agent,
585 Market st., cor. Second, San Francisco.
MESSRS. WM. MACDONALD & CO HAVING retired from the Sales Agency of this Company, the business will hereafter be conducted in the name of the CALIFORNIA SILK MANUFACTURING COMPANY, on the same premises as above named. Mr. ROBERT R. YATES, late with Messrs. Murphy, Grant & Co., will act as Agent.
New Machinery has been added to our factory and our stock on sale has been and will be very much enlarged.
Our Standard Goods are now ranked fully equal to the best goods made in the United States and are far superior to the average Imported. We also make the cheaper grades to meet the demand for such goods.
Having a Factory at South San Francisco always at work, and unlimited facilities, we are able to keep our stock in store always fully assorted, and can furnish any silk required at short notice, from stock or made to order. This gives us great advantage over importers in supplying customers with any desired color or kind of Silk in the line of Machine Twist, Embroidery, Fringe, Trim and Sewing Silks. Dealers buying of us need to carry but small stocks, thus saving interest and shop wear on goods.
We absolutely Guarantee our Standard Goods to be equal to the best and most celebrated silks made, and the general favor with which they are now regarded by consumers and dealers, selling as we do to nearly the entire trade, proves our assertion to be true, and should any goods be found not as guaranteed we will willingly take them back.
Attention is drawn to the fact that besides our regular standard goods, we have made, to meet a demand for cheap grades, a second quality which is sometimes mistaken for the former. We shall in future use different brands for the lower qualities, though some time may elapse before a complete substitution of names can be made. Lists of our products with prices can be obtained by mail.
Our manufacturing business has been built up with much labor and sacrifice during the last seven years, and after overcoming great vicissitudes, has achieved complete success as a California Industry.
Employing as we do nearly One Hundred American and European Women and Girls,
Giving the best of Silks made at the lowest prices for corresponding grades, and affording better facilities in stock variety for selection than any other Silk Agency, we feel that we are entitled to the patronage and preference of all who desire to AID HOME INDUSTRY.

STILL WE LEAD!
Our Price List for the ensuing season will be ready for distribution in a few days. We ask those who are fortunate enough to get one not to neglect perusing it for we are sure there is something for every one, whereby he can be pecuniarily benefited.
The following is a list and prices of some Dry Goods we purchased very cheap for cash while last in San Francisco, and offer to the public at the following prices:

500 pieces	Sprague Prints	22 yards for One	Dollar
20 "	Cohasset 8 cached Sheeting, 8-4	20c	per yard
20 "	" " " 9-4	22c	per yard
20 "	" " " 10-4	25c	per yard
20 "	unbleached " 8-4	19c	per yard
20 "	" " " 9-4	21c	per yard
50 "	bleached and unbleached Canton Flannel	8c	per yard
100 "	Linen Crash	8c	per yard

This is no catch or bait, but actual and legitimate prices to correspond with of goods in other lines, as you can perceive by comparing with our last Price List.
We desire our patrons to be on their guard as it has been the custom of several primitive dealers to wait until we have completed and published our PRICE to copy the same and put in lower prices, not with the intention of selling lower we do, for that is impossible (*i. e.* the same quality of goods). The object of parties is *to catch as many poor dupes as possible* and cheat them right and left, for easy enough to print a price list and fill in any prices, but it is quite another thing fill orders and sell the same according to the way they are really represented in price list.
Our business is conducted on principles entirely different from any other house north of San Francisco. We do not claim to sell Goods
Below Cost or at Half Price, nor at Cost
But what we do is this: We buy our Goods from first hands in San Francisco, the best, in large quantities, and add a small per centage on them, then mark the goods with the selling price, from which we never deviate, not even five cents on a sale of one hundred dollars. And thus
THE POOREST JUDGE OF GOODS
receives as much for his money as the closest and sharpest buyer, doing away with haggling, bargaining or beating down.
A CHILD CAN BUY AT OUR STORE
at just the SAME PRICE that an old experienced shopper can. Hence we are safe in saying that OUR STORE is the safest, whether a person is judge or not. We ask our readers whether they are safe in buying from storekeepers who charge a man $25 for a suit of clothes and sell the same to another person for $12?
The advantage we claim over our would-be competitors is, that *their goods* is so rich in one or two years is so great they can't see for their own good.
We do not Misrepresent our Goods.
WE DEAL JUSTLY WITH EVERY ONE.
We have Only One Price for the Rich and Poor
WE SELL FOR CASH ONLY.
But we do sell lots of them, such as
Clothing, Boots and Shoes, Hats and Caps,

THE MECHANICS' FAIR.—The Mechanics' Fair to be held in the Mechanics' building on Madison street, between First and First, are in active progress. Chapman & Newbury, who occupy as an agricultural implement store, are putting in exhibits commencing as far as the hall has been completed. All the space in the hall has been taken up by persons who propose to make an exhibit, and a "show worth going to see" is promised. Ladies and others wishing to exhibit any work of any kind should leave it at Morse's Palace of Art to-day or before 12 o'clock.

AT THE ENTERTAINMENT.—In the absence of the unavoidable absence of Mr. J. Miller of Oregon City, at the entertainment last evening at Turn Hall, a gentleman came out and sang in his person came out and sang in his stead, stating her own allotted place in the programme. Mr. Kinross, who was announced, excused himself on the ground of suffering from a severe cold.

EUGENE A. CRONIN.—On invitation of the members of the legal profession of Portland, Dr. Lindsley will deliver a lecture on professional career and early days of Cronin to-morrow evening, in the corner of Washington and Third streets. All members of the profession are invited.

SCANDINAVIAN DEBATING CLUB.—At the eight the following officers were elected: A. Paulsen, president; Alex. J. president; H. Komdsen, secretary; J. Carlson, treasurer; J. Anderson, sergeant-at-arms. Night of meeting was changed to Tuesday.

FIRST PREMIUMS.—The Singer Manufacturing Company has been awarded three first premiums on sewing machines at the State Fair.

The three soldiers who went to Fort Brown, the Portland printer, the Vancouver, are now in the guard house at the garrison, where they will remain until they can be tried by the proper authorities.

AMUSEMENTS.

COMPLIMENTARY BENEFIT.—On account of the complimentary benefit tendered to D. F. Smith, last evening, Turn Hall was well filled. One seldom sees a more refined and fashionable audience collected together than was present. Every seat was found an occupant, and those who were late had to stand up. Want of room in the crowded state of our columns prevents a more elaborate. The programme was fully rendered, was carried out much to the credit of the individuals participating, and a gratification and edification of all present. Especially worthy of mention was the recitation,—"Scenes from Kit," by Miss Witherell, recitation by Miss Murray, vocal duet by Miss Sue Goodsell, "Irish Selections," by Mrs. C. A. Dolph, and "Good Martha" by Miss Sutton, Mrs. H. Kinross and Mr. Franklin. The receipts are quite substantial, amounting in aggregate to $317 50. The result is gratifying to the recipient, Mr. Smith, as a most deserving little lady.

We look forward with great pleasure to a dramatic season which will open at the Market Theater on next Wednesday. Never has the city had in it so strong a company as now: never has a manager had the tact and experience of Mr. Maguire, to back it up, and never before has any manager made the engagement of really eminent talent is always appreciated. If we mistake not, Mr. Maguire will be rewarded with success for the opening night when Morse's Palace of Art at 8 o'clock Monday morning. Choice seats early.

BUSINESS NOTICE.

Rev. John Gantenbein will open his school on Monday, Oct. 28th.

The attention of the trade is called to the announcement of the Clackamas Paper Co.

Oscar Kilbourn will hold an auction this morning. A lot of splendid goods to be sold.

Special attention is called to the card of Wm. Currier & Co. in another column. This firm has just received a large fall and winter stock. Remember motto, low prices and quick sales.

SOCIAL EVENT.

Under the auspices of Oneonta Tribe No. 4, Improved Order of Red Men, Loddy, who has been an invalid for some time, will be tendered a benefit at Turn Hall on the 25th of October. A grand ball will be given on the evening of that day.

THE MECHANICS' FAIR.—Preparations for the Mechanics' Fair to be held in the market building on Madison street, between Front and First, are in active progress. Messrs. Chenoweth & Newbury, who occupy the building as a agricultural implement warehouse, have removed their stock, and the work of fitting up exhibits commenced last night. All the space in the hall has been taken by persons who propose to make good displays, and a "show worth going to see" is assured. Machinery and all articles wishing to display fancy work of any kind should leave the same at Ware's Palace of Art to-day or on Monday before 12 o'clock.

AT THE ENTERTAINMENT.—In consequence of the unavoidable absence of Miss Emma J. Miller of Oregon City, at the entertainment last evening at Turn Halle, Miss Lamson came out and sang in her stead, omitting the down allotted place in the programme. Prof. Kiarens, who was announced to appear, excused himself on the ground that he was suffering from a severe cold.

ROBERT A. CRONIN.—On invitation of some members of the legal profession of this city, Rev. D. Lindsley will deliver a lecture on the professional career and early death of E. A. Cronin to-morrow evening, in the church corner of Washington and Third streets. The members of the profession are cordially invited.

WASHINGTONIAN DEBATING CLUB.—On Friday night the following officers were elected: P. J. Paulsen, president; Alex. Johnson, vice-president; H. Komdsen, secretary; Alfred Patterson, treasurer; J. Carlson, sergeant-at-arms. Night of meeting was changed to Sunday.

FIRST PREMIUMS.—The Singer triumphant! The Singer Manufacturing Company were awarded three first premiums on their Sewing Machines at the State Fair.

The three soldiers who went through Cole & Dunn, the Portland printers, last week at Vancouver, are now in the guard house at that garrison, where they will be held until they can be tried by the proper civil court.

AMUSEMENTS.

COMPLIMENTARY BENEFIT.—On the occasion of the complimentary benefit tendered Mrs. Jeff Smith, last evening, Turn-Halle was well filled. One seldom sees a more refined and fashionable audience collected in Portland than was present. Every available seat was occupied, and those who came late had to stand up. Want of time, and the crowded state of our columns, prevent particularization. The programme, as published, was carried out much to the credit of the individuals participating, and to the edification and edification of those present. Especially worthy of mention are the recitation,—"Scenes from King John," by Mrs. Wilberell, recitation by Miss Lillie Ramsay, vocal duet by Miss Sutton and Mrs. Goodsell, "Irish Selections," recitation, by Mr. C. A. Dolph, and "Good Night," (from Faust) by Miss Sutton, Mrs. Goodsell, W. H. Watkins and Mr. Franklin. The receipts were quite substantial, amounting in the aggregate to $317 50. The result must be very gratifying to the recipient, Mrs. Smith, who is most deserving little lady.

We look forward with great pleasure to the dramatic season which will open at New Market Theater on next Wednesday evening. Never has the city had in it so many people who never has a manager of the ability and experience of Mr. Maguire had the theater, and never before has any manager risked an engagement of really eminent people. But merit is always appreciated here, and if we mistake not, Mr. Maguire's enterprise will be rewarded with success. The box sheet for the opening night will be opened at Morse's Palace of Art at 8:30 o'clock on Monday morning. Choice seats will be taken early.

BUSINESS NOTICES.

Rev. John Gantenbein will open a night school on Monday, Oct. 28th.

The attention of the trade is called to the announcement of the Clackamas Paper Co.

Dekar Holborn will hold his regular sale this morning. A lot of splendid furniture to be sold.

Special attention is called to the advertisement of Wm. Currier & Co. in another column. This firm has just received a very large fall and winter stock. Remember their location, low prices and quick sales.

SOCIAL EVENTS.

Under the auspices of Oneonta Tribe No. 4, Improved Order of Red Men, Mr. Jas. Liddy, who has been an invalid for many months, will be tendered a benefit at Turn Halle on the 30th of October. A grand ball will be given the evening of that date.

COL. GEO. L. GILLESPIE.

The following brief sketch of this officer who arrived on the steamer *City of Chester*, may not be uninteresting. Col. Gillespie comes to relieve Col. J. M. Wilson:

Col. Geo. L. Gillespie graduated at the U.S. Military Academy at West Point, No. 2 in the class of 1862, of which Gen. Mackenzie, now in command on the Rio Grande, was No. 1. Appointed 2d lieutenant of engineers June 17, 1862; served in the Maryland campaign September-November, 1862; Rappahannock campaign December, 1862, June, 1863; Pennsylvania campaign, June-July, 1863; Rapidan campaign, August-November, 1863; Richmond campaign, May-October, 1864; on staff of Gen. Sheridan, October, 1864, to close of war, having been engaged in the battles of Antietam, Fredericksburg, Chancellorsville, Cold Harbor, Waynesborough, Ashland, Dinwiddie Court House, Five Forks, Sailor's Creek, Appomattox Station and in throwing bridges across various streams in the face of the enemy. First lieutenant March 3, 1863; captain April 22, 1864; brevet major August, 1864; brevet lieutenant colonel April 9, 1865, for gallantry in action.

Major of engineers Sept. 5, 1871; chief engineer military division of the southwest, June, 1865, to August, 1867; assistant engineer defenses of Portsmouth and Boston Aug. 1867, to May, 1869; engineer 10th light house district from May, 1869, to March, 1873, and engineer in charge of harbor improvements on Lake Erie from March, 1871, to March, 1873; chief engineer on staff of Gen. Sheridan from March, 1873, to September, 1878.

SAD CASE OF DROWNING.

On Thursday afternoon a lad named Greenwood, while playing in a skiff at Astoria, discovered the body of a child floating on the water near Trullinger's sawmill and about fifty yards from shore. Securing the body and finding it lifeless, he brought it ashore and laid it on the beach, making his way to town to find the coroner, and in the meantime informed those whom he met of the melancholy occurrence. Several persons hastened to the spot where the lifeless body of the little innocent lay, and among the rest, led by curiosity, was Capt. J. H. D. Gray, who, to his astonishment and grief, recognized in the corpse before him his own little son Herbert. In a moment the child was in his father's arms and conveyed to his residence, not far distant. Dr. Baker was immediately summoned and everything that medical skill and parental anxiety could do to rekindle the spark of life was done, but little Bertie's short life on earth was forever closed. Not more than half an hour before the little fellow, with two others of Capt. Gray's children, had been playing on the wharf near his father' office, and the father thought they had all gone safely home. The supposition is that Bertie separated from the others and accidentally fell from the wharf, no one witnessing the occurrence. He was a bright little boy, four years of age, and Capt. Gray and his estimable wife have the sincere sympathy of the entire community in their sad bereavement.

A TOTAL LOSS.

THE BRITISH SHIP "CITY OF DUBLIN" LOST ON THE COLUMBIA RIVER BAR.

Yesterday forenoon a dispatch was received at Parish's market report and shipping intelligence office stating that an American vessel, name unknown, in attempting to come in over the bar without a pilot, ran on the sands and that tugs had gone to her assistance. At 1:40 P. M., the following dispatch, which we are kindly permitted by Col. Parish to use, was received. It explains itself:

ASTORIA, Oct. 18, 1:10 P. M.

The ship previously reported ashore outside without a pilot, as reported to us from pilots, the tugs could not get off. The crew are all ashore and the vessel is now breaking up. The ship is the "City of Dublin" (British).

TESCHEMACHER & UPSHUR.

The vessel comes from Wellington, New Zealand, registers 814 tons in ballast to James Laidlaw.

When you want an excellent photograph, and do not care to pay extortionate prices, go to Frank G. Abell, who does work well and at a reasonable figure. His productions show that he is popular.

The Mirror Tells

A flattering tale to those who are sensible enough to beautify their mouths with Sozodont, which makes the teeth as white as alabaster, besides rendering the gums rosy and the breath sweet. No toilet service is complete without this famous dentrifice.

REDUCTION OF PRICES.—From and after this we shall reduce the prices of our first quality crockery and glassware, plated ware, and all goods in our line, at wholesale and retail. Parties about commencing housekeeping, or wishing to replenish goods in that line, will call and examine our stock and prices.

PORTLAND, Sept. 27, 1878.

INTERESTING TO LADIES.—Dickey's "Creme de Lis" has now been before the public for ten years, during which time this beautiful preparation has met with the highest approval at the hands of the fair sex—being, as all who have used it will verify, the only perfect preparation of its kind. Every ingredient entering the composition of Dickey's "Creme de Lis" is subjected to the most rigid test of modern chemistry, to insure the uniformity and purity of its combination, and neither time nor expense have been spared to make it perfect—it being well known the public will appreciate and support a truly meritorious article. Several new beautifiers under various names, have lately started into existence, but Dickey's "Creme de Lis" has no competition in merit. Sold by all druggists.

SPECIAL CHURCH NOTICES.

Presbyterian church, to-morrow morning and evening, services conducted by the pastor, Dr. Lindsley. Subject in the evening, "The Strains and Temptations of Professional and Business Life, Illustrated by Facts and Incidents"—suggested by the recent premature death of E. A. Cronin, Esq.

Chaplain Stubbs, of the Portland seamen's friend society, writes: "Under a deep sense of gratitude for reading sent to me to be supplied to vessels visiting this port, I ask space again in the columns of THE OREGONIAN to publicly thank the following donors: Gen. E. B. Babbitt (three parcels), Dr. Taylor, Judge Strong, Mr. J. Frank Clancy, Miss E. Millard (valuable package), Mrs. Wm. Reed, Mrs. Wm. Wilson, Mrs. Wm. Watkins, Mrs. P. C. Schuyler, and Mrs. J. D. Whiting (each several large and very valuable packages of magazines and pamphlets), Mrs. Emily Southard and Dr. W. H. Saylor."

To-morrow, in consequence of the absence of the chaplain, called away to Puget Sound on duty, there will be a gospel service, consisting of scripture reading, singing, experiences and prayer by a number of persons, friends of this especial work. Mrs. Stubbs will assist if possible. This meeting will be held at the foot of C street. As the vessels are constantly changing, it is not safe at this hour to announce the name of the ship. All friends are cordially invited. Name of vessel will be announced at temperance meeting this evening at rooms of Y. M. C. A. and by posters.

SHOCKING ACCIDENT.

Friday forenoon a very shocking accident occurred on the west side road just below the depot, resulting in a German named Anderson getting very seriously injured. The locomotive was making what is known as a "running switch," when the unfortunate accident occurred. The engine had just been detached from the cars and was moving north at the rate of about 10 miles per hour, Anderson and another man were coming south walking on the track. The engineer saw the men coming and of course thought they would get out of the way. One of the men stepped aside as the locomotive came along but Anderson foolishly attempted to jump on the pilot. He missed his footing and was caught under the engine and badly injured. A portion of his left hand was crushed to a jelly, his left ankle was shockingly fractured—the sharp ends of the bones protruding from the flesh. The back part of his head was injured, and the lower portion of his body badly bruised. As quickly as possible the locomotive was stopped, and the injured man assisted to the depot. He was conveyed at once to St. Vincent Hospital, where he is at present. Dr. Jones was summoned and bestowed the required surgical attention. Anderson's injuries are of a very serious character, but are not considered necessarily fatal. With careful attention he may recover. No possible blame can be attached to the engineer. Anderson alone is responsible for the very serious consequences of his foolish temerity.

Since the above was written we learn that the man has died. In fact he lived only a short time after the accident. The coroner's jury find that his name was George Burns or George Lacy, that he came to his death substantially in accord with the facts given above, that he was a native of Liverpool, a seaman by occupation, and 28 years of age.

DEAR JOE: I received your letter a few days since, and, if I did not know you too well, should certainly conclude that you had gone daft. You complain that your food distresses you, that your tongue is coated, you have a headache and a disposition to shiver as if from cold, and that you are miserable generally. Now, just get a package of Frese's Hamburg Tea, and use it as directed, and I my word for it, in a week's time you will feel like a new man and thank me for this advice. Yours, TOM.

"OH, MY BACK!" How often we hear these words. Pain in the Back arises from Kidney Disease. HUNT'S REMEDY cures all Diseases of the Kidneys, Bladder and Urinary Organs. Family Physicians use HUNT'S REMEDY.

BY UNIVERSAL ACCORD, AYER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use by Physicians in their practice, and by all civilized nations, proves them the best and most effectual purgative Pill that medical science can devise. Being purely vegetable no harm can arise from their use. In intrinsic value and curative powers no other Pills can be compared with them, and every person knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual, cathartic is required. For sale by all dealers.

ASTONISHING CURES

Of Nervous Debility, Lost Manhood Paralysis, Exhausted Vitality, Impaired Memory, Dental Diseases, Weakness of Reproductive Organs, etc., etc.,

By the Great English Remedy,

SIR ASTLEY COOPER'S

VITALIS-ORA-VE

IT RESTORES HEARING AND STRENGTHENS the Eyesight. It is not a QUACK NOSTRUM. Its effects are permanent. It has no equal. It is neither a STIMULANT NOR EXCITANT, but it will do the work thoroughly and well.

DR. MINTIE & CO'S great success in the above complaints is largely due to the use of this wonderful Medicine.

Price $8 00 per bottle, or 4 times the quantity for $10, sent secure from observation upon RECEIPT OF PRICE.

None genuine without the signature of the proprietor, A. E. MINTIE, M. D.

Physicians say these troubles cannot be cured. The VITAL RESTORATIVE and Dr. Mintie & Co's Specific Treatment testify positively that they can.

All Chronic Special Diseases treated. References of the highest standing given by those that have been cured in this city.

CONSULTATION FREE.

Thorough examination and advice, including analysis, $5 00. Address

WASHINGTON TERRITORY.

The Olympic mountains are capped with snow.

Thomas H. Brents is canvassing the Sound country.

Business in the Vancouver land office is now very brisk—more lively than it has been in many months, and more new entries of land are being made than ever before.

Vancouver *Independent*: Vancouver people did not attend the Oregon State Fair in the numbers expected, and several of our farmers who expected to exhibit were compelled by the rain to give it up.

Skagit river is said to be the favorite spot for fruit raising except Puyallup valley. A gentleman claims that the Skagit country is second to no section on the Sound in the production of this article.

The grain crop of the lower Sound will be much larger this year than for any previous season. The yield has been much less per acre than last year, but the acreage, on the other hand, has been much larger.

Clallam county Democratic nominations: Joint councilman, Elliot Cline; joint representative, S. Troy; sheriff, Jos. Foresman; auditor, Wm. King; commissioners, J. E. Lighton, L. H. Cayes and Mr. Meagher of Port Angeles; probate judge, Nicholas Meagher.

Jefferson county Democratic nominations: Representative, [illegible] Philbrick; probate treasurer, L. B. Hastings; county commissioners, Wm. Bishop, [illegible] Weber, F. W. James; justices of the peace, C. W. Philbrick and Jack Slater.

The *Daily Post* is the name of an afternoon paper which has made its appearance at Seattle. It is published by a company whose names are not given, and claims to be a legitimate business enterprise and not in the interest of any party or sect. The first number, which has reached us, is very well gotten up and is readable.

Columbia county Democratic nominations: For representative, Wm. P. Ragsdale; for sheriff, John O'Dell; for treasurer, Thomas Kenedy; for assessor, John F. O'Dell; for county commissioners, Geo. H. McQueen, M. Shoultice and Wm. Harper; for auditor, G. A. Miller; for probate judge, Abner Lloyd; for school superintendent, Adrian Wisner; for surveyor, A. S. Funstin; for coroner, G. W. Hull.

RELIGIOUS MEETINGS AT ALBANY.

ALBANY, Oct. 17, 1878.

TO THE EDITOR OF THE OREGONIAN:

I desire to call the attention of the people of this community to the great good to be done by encouraging the revival meetings now in progress in this city under the auspices of the Y. P. C. A., and conducted by H. W. Brown. He came among us almost wholly unadvertised, and, notwithstanding that fact, the court-house has been filled every night since his arrival. The afternoon meetings for Bible study have been well attended, although the people were often compelled to face storms. These things indicate the interest taken in the work of reclaiming the lost in this city by the Christian workers. The members of the Y. P. C. A. have been zealous. It is safe to say that there are as many as seventy-five Christian workers actively engaged in these meetings.

It is impossible to believe that great good will not result from the work being done. Already many have made profession. Any one who attended the second meeting last night can testify to this fact. Christian people took the hand of unbelievers and bade them look to Christ; and pointed out the way of salvation. Quite a number took the first step last night. A number of young people stood up for the first time and said: "I believe that Jesus died for me." We teach them to know that when they sincerely believe with the heart and confess with the mouth" they are saved. In these meetings young people have an opportunity of talking to each other about Christ which they so seldom do anywhere else. I know whereof I speak. I have attended these meetings and I can testify that the kinds words spoken by friends to those who are walking in darkness are the seed sown which may spring up and bear fruit into eternal life. Let those who oppose these opportunities remember that the conversion of one soul from ways of darkness and sin is of more value to himself and to this community than all the wealth of the rich. Let us lay aside every prejudice and work together all day next Sunday for just one thing, viz: conversion of the unsaved. Let the lower lights burn brightly during these meetings. The Y. P. C. A. will undoubtedly feel greatly benefited by the visit of Brother Brown to this city. A more genuine work of this kind never was held here. May the prayers of every member of the association and of every Christian go with him as he goes to our sister city Brownsville, next Monday, to commence similar meetings there. The people of Brownsville and community will undoubtedly receive him with their usual far-famed hospitality. A.

Good Suggestion from Blaine.

[From the Chicago Times.]

In his speech in this city Blaine made one admirable suggestion to the fiat money lunatics, which they and their colaborers, "the democracy," should make haste to incorporate in their fiscal creed. He was trying to bring down to the understanding of his stupid auditors the fact that a dollar is not a thing made by the stamp of government, but is a certain fixed quantity, by weight, of gold or silver. If a legislative *fiat* saying "This is two dollars" would make it two dollars, "there would be no use in stopping the money making here. Why make it two dollars when you could make it twenty dollars, or a hundred, just as well? Why waste both sides of it? You might make this side one dollar and the other side a hundred dollars, or make one side a thousand dollars and the other a hundred, so that if you owed a thousand dollars you could tender one side in payment, and if you owed a hundred dollars you could tender the other side, and if your debt was eleven hundred dollars you could pay it by tendering both sides."

A compositor in an eastern office, who favors the fiat money heresy, was complaining of his inability to procure a "sub." "Oh, no trouble about that," said a Republican who worked at the next "frame." "Just write 'This is a sub,' on a piece of paper, and leave it on your case. The foreman will understand." But the fiat man didn't try the experiment.

REV. DR. CLARK writes:

I have much pleasure in saying Fellows' Hypophosphites *improved my general health amazingly.* It gives a clear skin and healthy countenance, but to know its virtues it must be used, and were it within the reach of all classes, I believe it would be used universally; yes, by the well, to renew their age, and by the sick, to make them well. It makes an old person feel younger. "This wine now is true." Would that I could more widely make it known for its virtues.

ALEXANDER CLARKE, D. D., Amherst, N. S.

I heartily recommend Fellow's Compound Syrup of Hypophosphites to all troubled with any difficulties or diseases of the lungs or nervous system, believing that had I not used it I would not now be living. HARRIS COFFILL, Windsor, N. S.

Consulting Office for Consumptives, Western Medical Institute, Cleveland, O.

MR. JAMES I. FELLOWS—*Dear Sir:* We were induced to prescribe your Compound Syrup of Hypophosphites by Dr. McMaster, and its use has been attended with such satisfactory results as to warrant our employing it largely from this time forward. A. SLEE, Sr., M. D.

Roof Preservative!

AFTER YEARS OF TESTS IN DIFFERENT climates, this preparation is acknowledged superior to any other in use. We apply it to tin or shingle roofs, leaky awnings and porches. It forms a heavy elastic coat, does not crack and peel off as ordinary paint. Stops all leakage permanently, is proof against moss, sparks, coals of fire, or water

Parties interested may examine our work on Odd Fellows Temple, Allaby & Hegele's buildings, and others. Unquestioned references in this state.

Proof of the Superiority of the Pacific Rubber Paint.

REPORT OF THE COMMITTEE APPOINTED by the California State Agricultural Society, Sept. 1878, to examine and report upon the merits of mixed Paints exhibited:

We selected from each of the exhibits, viz: "Averill Chemical Paint," "Imperishable Paint," and "Pacific Rubber Paint," a can of their paints, and had same applied by a painter under our personal supervision; upon measuring the surface covered we find that the

Pacific Rubber Paint covered	21,276 sq. in.
Averill Chemical " "	17,884 sq. in.
Imperishable " "	14,445 sq. in.

An equal quantity of each paint having been used the above result shows that the Pacific Rubber Paint covered nearly 20% more surface than the Averill Chemical Paint, and nearly 50% more surface than the Imperishable Paint.

In view of the foregoing facts, and considering the ease of application of the Pacific Rubber Paint and its superior covering qualities we find it justly entitled to the award of the First Premium.
